EDUCATION

Birla Institute of Technology

Bachelor of Technology in Electronics and Communication Engineering; CGPA: 8.61

Mesra, Jharkhand

2024 – 2028

St Xavier's College

Class XII (JAC); Percentage: 91%

Ranchi, Jharkhand

2022 – 2023

Bishop Hartmann Academy

Class X (ICSE); Percentage: 93%

Ranchi, Jharkhand

2020 – 2021

PROJECTS

Music Website | Next.js, Aceternity UI, Tailwind CSS, Framer Motion

- Built a responsive music platform using Next.js and Aceternity UI, prioritizing modern UI design and high-performance component architecture.
- Implemented smooth, interactive animations and transitions to enhance user engagement and visual storytelling.
- Optimized frontend development by utilizing server-side rendering and efficient component-based structures for faster load times.

BookPulse | Node.js, Express.js, PostgreSQL, Bootstrap

- Developed a full-stack web application for book management and discovery, leveraging Node.js and Express.js for a scalable backend.
- Integrated a Book Cover API to dynamically fetch and display metadata, paired with a PostgreSQL database for persistent storage of user reviews and data.
- Designed a clean, responsive interface using Bootstrap and custom CSS, ensuring a seamless experience across various devices and screen sizes.

ACHIEVEMENTS

Coding Achievements

- Solved 400+ Data Structures and Algorithms problems across platforms including LeetCode, CodeChef, and GeeksforGeeks.
- Achieved a maximum rating of **980** on **Codeforces**, demonstrating consistent participation in global competitive programming contests.
- Actively refining problem-solving skills through regular engagement in algorithmic challenges and technical assessments.

Leadership & Extra-Curriculars

- Serving as a **Web Developer** at the **Value Education Cell**, contributing to the design and maintenance of digital platforms to support institutional initiatives.
- Active Member of **IETE** (Institution of Electronics and Telecommunication Engineers), assisting in the organization and execution of technical events, workshops, and seminars.
- Collaborated with cross-functional teams to manage event logistics and technical setups, enhancing campus-wide student engagement and technical culture.

TECHNICAL SKILLS

Languages: C/C++, SQL, JavaScript, HTML/CSS

Frameworks/Libraries: React, Node.js, Express.js, Next.js, jQuery, EJS, Mongoose, Tailwind CSS, Bootstrap

Developer Tools: Git, VS Code, GitHub, Cloudinary, Postman, Nodemailer

Database: PostgreSQL, MongoDB
